**Františka Jirousová** (born 1980) is a PhD student in philosophy at the *Department of Philosophy and Religious Studies* at the Faculty of Arts of Charles University in Prague. The theme of her dissertation is “Directed Evolution and Self-Organization in the Works of Teilhard de Chardin.” From September 2013 until July 2014, she was a Fulbright scholar at the Woodstock Theological Center at Georgetown University in Washington, D.C. She has published several articles about Teilhard in Czech, e.g., “Evolution as the Way to God.” Before occupying herself with philosophy, she published the novel *Vyhnanci (The Expellees)*. She considers the main task of her work to contribute to the implementation of new forms of Christian expression enriched by the terminology of the natural sciences, general systems theory, and information theory.
