*Details on the Board Meeting at 10 a.m. will be distributed directly to Board Members*

In the refectory at
**Union Theological Seminary**
3041 Broadway at 121st St., New York, NY

Mary Evelyn Tucker will be speaking on:

"The Teilhardian Roots of *Journey of the Universe*"

Beyond world wars and the cold war, there beckons the sense of a larger planetary whole—an emerging, multiform, planetary civilization. It is in participating in this transition moment that we will fulfill our role as humans on behalf of future generations. It requires a profound change of consciousness and values—both an expanded worldview of the universe story and a comprehensive global ethics that embraces the Earth community. *Journey of the Universe* offers an expansive context for this great transition. We can be inspired by this scientific story of nested interdependence—from galaxies and stars to planets and ecosystems—so that we sense how personally we are woven into the fabric of life. We are part of this ongoing journey.

Teilhard understood the immense challenges of activating human energy in the modern period. His thought is a major inspiration for the *Journey of the Universe* project with Brian Swimme, who is also a vice president of the American Teilhard Association. The *Journey* film and book arose from our shared appreciation for Teilhard's understanding of evolution as a single unfolding energy event that gave rise to an immense diversity of life. Seeing the human as a biocultural being within these evolutionary processes gives us a new sense of our vital role and responsibility for the continuity of these processes.

*Mary Evelyn Tucker is the Vice President of the American Teilhard Association, co-director of the Yale Forum on Religion and Ecology, and one of the writers and executive producers of the Emmy award winning film *Journey of the Universe***
