William E. Rees is Professor of Planning and Resource Ecology at the University of British Columbia in the School of Community and Regional Planning, 6333 Memorial Road, Vancouver, B.C., Canada, V6T 1W5. Since receiving a doctorate in Bio-ecology from the University of Toronto he has been active for over two decades in the research and enhancement of human-earth relations. Dr. Rees's special interest and concerns are the environmental impact of the development of the Canadian North and the ecological economies of sustainable development.
